

Designing your customized closet is easy!

Just follow these simple steps:

Step #1 – Measure the height of your closet.

Our closet organizers are either 84" tall or 90" tall.

Step #2 – Measure the width of your closet and determine the number of closet organizers ("units") required for your project.

Our units are available in the following widths: 18", 21", 24", 27", 30", 33" or 36". So, you'll need to determine how many units you'll need to fill your closet!

Example A: 72" wide closet

If your space is 72" wide, here are just a few of the options you have:

1. Order (2) 36" wide units [36" x 2 units = 72"]
2. Order (3) 24" wide units [24" x 3 units = 72"]
3. Order (1) 18" wide unit and (2) 27" wide units [27" x 2 + 18" = 72"]

The possibilities are endless!

Example B: Walk-in closet with corner units

Here are the steps we recommend you take for your walk-in closet. This example is based upon a walk-in closet that is 98" deep (*left side and right side of your closet*) and 82" wide (*back wall of your closet*).

1. First, decide if you would prefer to have 29" x 29" Corner Units – each of which includes 5 shelves. These will be installed into the back left corner and back right corner of your closet. If so, subtract 29" from your depth, leaving you with 69" [98" – 29" = 69"] on the left and 69" on the right. Then, subtract 58" [29" x 2] from your width, leaving you with 24" [82" – 58" = 24"].
2. On the left side of your space, you now have 69" of space to fill. On the right side of your space, you also have 69" of space to fill. On the back wall, you now have 24" of space.
3. For the left side of your space (69") here are just a few of the options you have:
 1. Order (1) 27" unit and (2) 21" units [21" x 2 + 27" = 69"]

2. Order (1) 36" unit and (1) 33" unit [$36" + 33" = 69"$]
4. For the right side of your space (69") here are just a few of the options you have:
 1. Order (1) 27" unit and (2) 21" units [$21" \times 2 + 27" = 69"$]
 2. Order (1) 36" unit and (1) 33" unit [$36" + 33" = 69"$]
5. For the back wall of your space (24"), order (1) 24" unit.

Step #3 – Choose your wood

Choose from (4) high quality hardwoods:

1. Oak
2. Maple
3. Birch
4. Cherry

Step #4 – Choose your wood stain

Choose from 6 beautiful colors of stain:

1. Natural
2. Autumn Haze
3. American Oak
4. Burnt Sugar
5. Winchester
6. Java

Step # 5 – Choose 5 Components for each of the Units you will be ordering for your closet!

We recommend you take out a pencil and paper and sketch what you would like your dream closet to include.

And remember... all of our closet organizers (units) can easily be arranged and recombined as your needs change.

We offer several component options! Here are a few things to keep in mind:

1. Rods!

How much space would you like to hang your clothing? If you

hang up a lot of your clothes, you might want to include a rod for each of your units.

2. Shelves

Shelves make it easy to see what is in your closet, grab it and go! We offer:

- a. Standard Adjustable Shelve
- b. Shoe Shelve
- c. Purse Divider Shelve

3. Roll-Out Shelves

We also offer roll out shelves for specific items:

- a. Standard Roll Out Shelve
- b. Sweater Roll Out Shelve
- c. Trouser Roll Out Shelve
- d. Tie Pull Out Shelve
- e. Belt Pull Out w/ Tray
- f. Peg Rack Pull Out

4. Drawers

Drawers are perfect for items you would like to keep out-of-sight. Think about how many items you own that you would prefer to keep in drawers and how deep those drawers need to be to hold all of those items. We offer:

- a. 4" Drawer
- b. 4" Drawer with Divider
- c. 6" Drawer
- d. 6" Drawer with Divider
- e. 8" Drawer
- f. 12" Drawer

Step # 6 – Place your order!
