

Designing your customized pantry is easy!

Just follow these simple steps:

Step #1 – Measure the height of your pantry.

Our pantry organizers are either 84" tall or 90" tall.

Step #2 – Measure the width of your pantry and determine the number of pantry organizers ("units") required for your project.

Our units are available in the following widths: 21", 24", 27", 30", 33" or 36". So, you'll need to determine how many units you'll need to fill your pantry!

Example A: 72" wide pantry

If your space is 72" wide, here are just a few of the options you have:

1. Order (2) 36" wide units [36" x 2 units = 72"]
2. Order (3) 24" wide units [24" x 3 units = 72"]

The possibilities are endless!

Example B: 60" wide pantry

If your space is 60" wide, here are just a few of the options you have:

1. Order (2) 30" wide units [30" x 2 units = 60"]
2. Order (1) 27" wide unit and (1) 33" wide unit [27" + 33" = 60"]

The possibilities are endless!
